

Miles, Age 2, will
graduate from We Care
in December 2019

We are incredibly grateful for your support

Dear We Care Family,

I hope this finds you and your family happy and well! I'm writing to thank you for the remarkable support you've given to the work We Care has done with hundreds of at-risk children in our community over this past year. Your thoughtfulness, generosity, and investment have allowed us to provide families the kind of hope that can only come from knowing that their child is getting the best possible help. We could not do this without you, and we are incredibly grateful.

When you help sustain our work, you support children struggling with a wide range of needs. Your generosity can enable a three-year-old in one of our developmental programs to learn to walk or communicate for the first time. And you can help ensure that an entire family in our mental health program gains the ability to provide a healthy and successful home environment. Your donation makes the difference between children and families getting the help they need or going without.

And new children come to us every week. So as we continue to honor our commitment to providing the same level of compassionate, expert treatment that has supported Contra Costa County for 60 years, we still need your help. Large or small, your contribution in support of We Care this season means we can continue offering hope and real change for the families in our community with the most to overcome.

Your philanthropy has made a huge difference and I want to thank you for the impact you've had. If you still believe that helping young, at-risk children change the direction of their lives is one of the best ways to help both them and the community, please consider joining us as a partner again this year.

Best,

Pete

P.S. If you would like to know more about how your social investment has improved the lives of children and families, please don't hesitate to reach out. I welcome the opportunity to speak with you!
